Re: IAPMO Standards Council Decision Docket #1155-09
Date of Decision: November 14, 2008*
Uniform Plumbing Code – Chapter 14, Table 14-1
Item #187 (Public Comment #1)

Dear Mr. Lott:

I am transmitting to you herewith the following decision of the IAPMO Standards Council.

At its meeting of November 13 – 14, 2008, the IAPMO Standards Council considered your appeal requesting that the following standard not be included in Chapter 14, Table 14-1 of the 2009 edition of the *Uniform Plumbing Code*:

Table 14 – 1

Standard Number	Standard Title	Application
<u>ASSE 1072-2007</u>	<u>Performance Requirements for Floor Drain Trap Seal Protection Devices</u>	<u>Valves, Trap Seal</u>

The Council has carefully reviewed the entire record including the 2007 Report on Proposals; the 2008 Report on Comments; the transcript from the 2008 Association Technical Meeting Convention; the preprint contained in the 2008 Report on Comments; and has heard the testimony of Appellant.

In the view of the Council, the record does not indicate that the subject standard was intended to be included in the 2009 edition of the *UPC*, nor is the record clear that such standard was submitted for public review as required by the Regulations Governing Committee Projects. The Council also notes that as a result of its decision in Docket #1154-09 there is no device currently described in the 2009 *UPC* which would be applicable to the subject standard. For the reasons aforesaid, the Council votes to grant this appeal and directs that ASSE 1072 not be included in Table 14-1 of the 2009 *UPC*.

The Council wishes to note that Councilmember Ron George recused himself from the deliberations and voting on this matter.

Sincerely,

Gabriella Davis
Secretary, Standards Council

Members, Plumbing Technical Committee
Members, Standards Council

***NOTE:** Participants in IAPMO's codes and standards making process are advised that limited review of this decision may be sought from the IAPMO Board of Directors. For the rules describing the available review and the method for petitioning the IAPMO Board of Directors for review, please consult Section 1-7 of the *IAPMO Regulations Governing Committee Projects* and the *IAPMO Regulations Governing Petitions to the Board of Directors from Decisions of the Standards Council*. Notice of the intent to file such a petition must be submitted to the Petitions Clerk of the Board of Directors within 15 calendar days of the Date of Decision noted in the subject line of this letter. **Due to the Thanksgiving Holiday, petitions will be accepted through December 3, 2008.** As this document is being submitted to the American National Standards Institute (ANSI) for designation as an American National Standard (ANS), any persons who have directly and materially affected interests by this decision have the right to appeal to ANSI in accordance with ANSI procedures.

IAPMO Regulations Governing Committee Projects

Section 1-7

1-7 Petitions to the Board of Directors.

1-7.1 General. The Standards Council has been delegated the responsibility for the administration of the codes and standards development process and the issuance of Documents. However, where extraordinary circumstances requiring the intervention of the Board of Directors exist, the Board of Directors may take any action necessary to fulfill its obligations to preserve the integrity of the standards development process. Anyone seeking such intervention of the Board of Directors may petition the Board of Directors concerning Standards Council action on any matters. Such petitions shall be filed and processed in accordance with the Regulations Governing Petitions to the Board of Directors from Decisions of the Standards Council.

1-7.2 Notice of Intent to File the Petition. Anyone wishing to petition the Board of Directors concerning an Standards Council action related to the issuance of a document, shall file a Notice of Intent to File a Petition within 15 days following the Standards Council action. A Standards Council action related to the issuance of a document includes any action of the Council that issues or returns a Document or that affects the text of a Document. Petitions concerning other Standards Council actions shall be filed within a reasonable period of time.

1-7.3 Effect of Filing. The filing of a Petition will not serve to stay the effective date of a Document or a Tentative Interim Amendment unless the Executive Director of the Association or the Board of Directors acts, pursuant to 4-7.2 or 5-6, to delay the effective date. Any Petition pending at the time a Document or Tentative Interim Amendment becomes effective will be treated as a Petition to withdraw the Document or Tentative Interim Amendment.

1-8 Use of Visual Aids and Demonstrations Before the Standards Council or Board of Directors. The policy for the use of visual aids and physical demonstrations to the Standards Council and Board of Directors shall be the same as that required for TCCs, TCs, and Task Groups, in accordance with 3-3.3.3(e) and 3-3.3.3(f).

IAPMO Regulations Governing Petitions to the Board of Directors from Decisions of the Standards Council

ADOPTED BY THE IAPMO BOARD OF DIRECTORS SEPTEMBER 4, 2000. Amended in January 2007.

Section 1 Scope of and Authority for these Regulations.

(a) These regulations have been issued by the Board of Directors pursuant to its authority under Article 5, 6 and 8 of the IAPMO Bylaws.

(b) These regulations set forth the procedures to be used for the filing and processing of all petitions to the Board of Directors filed pursuant to 1-7 of the Regulations Governing Committee Projects.

(c) The Board of Directors can amend these regulations from time to time and waive or supplement, in whole or in part, at any time or times at its discretion.

(d) For the purposes of these regulations, the Standards Council Secretary, or such other person as the Chair of the Board of Directors may appoint, shall act as a petitions clerk.

Section 2 Subcommittees of the Board of Directors. Unless the Board of Directors otherwise orders, the authority to consider and make recommendations on the disposition of a petition by the Board of Directors shall be delegated to a subcommittee of the Board of Directors, which shall be appointed, in accordance with 2.1 of these regulations. Subcommittees shall be appointed by the Chair of the Board of Directors.

2-1 Composition of Subcommittees. Subcommittees shall consist of three or more members of the Board of Directors. The criteria for selection and appointment of subcommittee members shall be as follows:

(a) A subcommittee member shall be a person who can decide the petition on the merits in an impartial manner.

(b) A subcommittee member shall not have any conflict of interest. (A conflict of interest is defined as any situation in which a decision on a petition could substantially and materially affect the member's financial or business interest.)

(c) Each subcommittee member shall, to the extent practicable, represent diverse interests within the association.

In making a decision of whether or not to serve on a subcommittee, the member may consult with the IAPMO general counsel.

Section 3 The Scope of Review. The petitioner shall generally confine the argument in the petition to matters that were presented below and shall not raise any new matters that could have but were not presented within the standards development process. A petition to the Board of Directors shall not be regarded as simply another opportunity to reargue a position that was rejected by the Standards Council. In considering a petition, the subcommittee shall give due deference to the judgment of the Standards Council and shall not intervene unless it can be demonstrated that extraordinary circumstances exist requiring the Board of Director's intervention to protect the integrity of the standards development process.

Section 4 The Record. In its consideration of the petition, the subcommittee shall have before it the entire record that was before the Standards Council, as well as all proceedings and decisions of the Standards Council on the issue. In addition, the subcommittee may consult any other records of the association that it deems pertinent to the issue, and the subcommittee may seek technical assistance from staff, the technical committee, or any other source or persons that it deems appropriate.

Section 5 Notice of Intent to File the Petition. Anyone wishing to petition the Board of Directors concerning a Standards Council action related to the issuance of a document, shall file a Notice of Intent to File a Petition within 15 days following the Standards Council action. A Standards Council action related to the issuance of a document includes any action of the Council that issues or returns a document or that affects the text of a document. Petitions concerning other Standards Council actions shall be filed within a reasonable period of time.

Section 6 Filing and Contents of the Petition.

(a) Within 15 days following the receipt of the notice of intent to file, or within such other time as the petitions clerk may allow, the petitioner shall file the petition together with 20 copies. The petition shall be no more than 10 pages in length and shall contain, in separately denominated sections, the following:

(1) Name, affiliation, and address of the petitioner;

(2) Statement identifying the particular Standards Council action to which the petition relates;

(3) Argument setting forth the grounds for the petition and, in particular, addressing why there exist extraordinary circumstances requiring the intervention of the Board of Directors (see the preceding Section 3 and 1-7 of the Regulations Governing Committee Projects); and

(4) Statement of the precise relief requested.

(b) Any part of the record related to the standards development process that is referenced or discussed in the petition should be clearly cited in the petition using available markings such as the title, author, date, and page of the record. Since the full record will be available to the subcommittee during its review, attachments and appendices shall not accompany the petition, unless express permission has been obtained from the petitions clerk.

Section 7 Consideration of the Petition.

7-1 Initial Review. The petitions clerk may, at his or her discretion, arrange for initial review of the petition by meeting, correspondence, or telephone conference. If upon such initial review of the petition and any relevant portions of the record, the subcommittee determines that the petition has no merit, it may dismiss the petition.

7-2 Full Review. If initial review is not conducted, or, if upon such review, the subcommittee determines that further review is warranted, it shall afford the opportunity for responses to be filed by interested parties. Responses, together with 20 copies, shall be filed within 15 days or within such other time as the petitions clerk may allow.

(a) Responses shall be no more than 10 pages in length and shall contain, in separately denominated sections, the following:

(1) Name, affiliation, and address of the respondent;

(2) Statement identifying the petition to which the response relates and stating whether the respondent supports or opposes the petition; and

(3) Argument setting forth the grounds for opposing or supporting the petition and, in particular, addressing why there does or does not exist extraordinary circumstances requiring the intervention of the Board of Directors (see the preceding Section 3 and 1-7 of the Regulations Governing Committee Projects).

(b) Any part of the record related to the standards development process that is referenced or discussed in a response should be clearly cited in the response using available markings such as the title, author, date, and page of the record. Since the full record will be available to the subcommittee during its review, attachments and appendices shall not accompany the response, unless express permission has been obtained from the petitions clerk.

(c) So as to avoid unnecessary repetition and duplication of effort, parties are encouraged to file joint responses where possible and appropriate.

(d) Unless a hearing has been requested and granted by the subcommittee (see Section 8), the subcommittee shall, either by meeting or telephone conference, review and render a decision on the petition based on the written submissions of the parties and the record before it.

Section 8 Requests for Hearings. If the petitioner requests a hearing on the petition and that hearing is granted, the petitioner shall be assessed a filing fee of \$2,500 to be posted following the granting of the request. This fee may be reduced or waived by the Executive Director upon application of the petitioner if good cause for reducing or waiving the fee is presented. If a hearing is granted, the Procedures for Hearings shall be followed.

Section 9 Waiver of Regulations. Any of the deadlines or requirements set forth in these regulations may be waived by the subcommittee upon application of the petitioner or any other party for good cause shown, or in the discretion of the subcommittee.

Section 10 Subcommittee Report to the Board of Directors. The subcommittee shall file with the Board of Directors a written report concerning each petition that it has determined.

Re: IAPMO Standards Council Decision Docket #1154-09
Date of Decision: November 14, 2008*
Uniform Plumbing Code – Section 1007.0
Item #146

Dear Mr. Ballanco:

I am transmitting to you herewith the following decision of the IAPMO Standards Council.

At its meeting of November 13 – 14, 2008, the IAPMO Standards Council considered your appeal requesting the acceptance of Proposal Item #146. Specifically, Appellant requests a revision to Section 1007.0 of the proposed 2009 edition of the *Uniform Plumbing Code* as follows:

1007.0 Trap Seal Protection. ~~Floor drain or similar traps directly connected to the drainage system and subject to infrequent use shall be protected with a trap seal primer, except where not deemed necessary for safety or sanitation by the Authority Having Jurisdiction. Trap seal primers shall be accessible for maintenance.~~ Floor drains and traps subject to evaporation due to infrequent use shall be protected with a water supplied trap seal primer, drainage supplied trap seal primer, or floor drain trap seal protection device. Water supplied trap seal primers shall be accessible for maintenance.

Appellant contends that a text modification to this section is needed “to emphasize that trap seal protection is required,” and that the proposed modification “will appropriately identify that any one of the three methods is acceptable for providing trap seal protection.”

The Plumbing Technical Committee originally rejected Appellant’s proposal in the 2007 Report on Proposals because “the proposed standard is in draft form and is premature in that the standard has not been published.” Thereafter, the Technical Committee considered public comment Sequence #65 submitted by Appellant and the results of the committee ballot fell short of the two-thirds majority required by the Regulations Governing Committee Projects to achieve consensus. The reasons for the negative committee votes are contained in the 2008 Report on Comments. Appellant contends that the ballot results were “tainted” as a result of information being provided to the members of the Plumbing Technical Committee subsequent to the 2008 Plumbing TC meeting but prior to the close of the written ballot. Appellant’s specific contentions in this regard were set forth in a letter dated July 11, 2008 to the Secretary of the IAPMO Standards Council. With regard to this specific issue, the Council reviewed the aforesaid letter;

Ph: 909.472.4100 • Fax: 909.472.4150 • www.iapmo.org

International Association of Plumbing and Mechanical Officials
5001 East Philadelphia Street • Ontario, California – USA 91761-2816

considered the testimony of Appellant and the testimony of Chuck Lott; and the Council concludes that the alleged actions of Chuck Lott, even if true, did not so prejudice Appellant's position so as to cause the Council to overturn the results of the written committee ballot.

Appellant's motion at the Association Technical Meeting Convention to include his proposed revisions in the 2009 edition of the *UPC* failed.

On an appeal, the Standards Council accords great respect and deference to the IAPMO codes and standards development process. In conducting its review, the Council will overturn the result recommended through that process only where a clear and substantial basis for doing so is demonstrated. The Council has reviewed the entire record concerning this appeal and has considered all of the arguments raised by it. In the view of the Council, the technical evidence in the record does not provide any clear and substantial basis on which to overturn the results recommended by the IAPMO codes and standards development process.

The Council affirms the action of the Plumbing TC and denies this appeal resulting in no change to Section 1007.0 of the 2009 edition of the *UPC*, from the 2006 edition. The Council notes that Councilmember Ron George recused himself from deliberations and voting on this matter.

Sincerely,

Gabriella Davis
Secretary, Standards Council
