Code Answers and Analysis Request Form

Important Answers and Analysis criteria:

- *Request may be submitted by anyone.*
- *All requests must include the IAPMO document title, edition and Section number to which the question pertains.*
  (Example: 2003, UMC, Sec. 408.4)
- *Please be specific with your question so that, if possible, the committee may respond with a "yes" or "no" answer followed by any pertinent analysis.*
- *Sketches, drawings, photos and other supplemental materials may be attached if it is believed they will contribute clarification to the question(s) or to accessory issues that are difficult to describe.*

Check one each column:		**Do not write in this space**
