

# Don't think we've made much water efficiency progress over the last 20 years? **Think Again!**

See how building a home to the provisions contained in the *2012 IAPMO Green Plumbing and Mechanical Code Supplement* saves water compared to a home made just 20 years ago!

## BATHROOM FAUCET

1992 BASELINE MODEL  
CODE REQUIREMENT: **2.5** GALLONS PER  
MINUTE
