

**Summary of Substantive Changes  
between the 2009b and the 2009be1 editions of  
ASTM D2846/D2846M, “Chlorinated Poly(Vinyl Chloride) (CPVC) Plastic Hot- and  
Cold-Water Distribution Systems”**

**Presented to the IAPMO Standards Review Committee on May 7, 2012**

**General:** The technical content was not changed, and there should be no impact on current listings. The editorial changes are:

Section 6.2.1, General: The referenced section was corrected as follows:

*Pipe, tubing, and fittings (tested as assemblies) shall meet the minimum hydrostatic sustained pressure requirements of both test conditions shown in Table 5 when tested in accordance with ~~9.29.3~~.*
