

IAPMO Plumbing Codes and Standards India Pvt. Ltd.

No.43, 4th Floor, PMR Tower, Beretana Agrahara, Near Hosa Road junction, Bangalore, Karnataka 560100

CERTIFICATE OF LISTING

IAPMO Plumbing Codes and Standards India Private Ltd. (aka IAPMO India) is a product certification body which lists and inspects samples taken from the supplier's stock or from the market or a combination of both to verify compliance to the requirements of applicable codes and standards. This activity is coupled with periodic surveillance of the supplier's factory and warehouses as well as the assessment of the supplier's Quality Assurance System. This listing is subject to the conditions set forth in the characteristics below and is not to be construed as any recommendation, assurance or guarantee by IAPMO India of the product acceptance by Authorities Having Jurisdiction.

Licensee: Sloan India Pvt. Ltd. 344, Phase-2, Udyog Vihar, Gurugram, Haryana-122015, India

File No: IN-1049

Product: Flushometer Valves (Urinal and WC)

Effective Date: March, 2020

Void After: March, 2021

IDENTIFICATION: The product shall bear permanent legible markings to identify the manufacturer name or the trade name, registered trademark, or other mark(s) known to identify the manufacturer. The flushometers shall also permanently identify their average water consumption in liters per flush (lpf) and gallons per flush (gpf). For manually activated dual flush flushometers, identification of flush mode options shall be depicted on the actuator. This identification shall be either by graphic display or lettering, or shall be intuitively apparent. The product shall also bear the UPC-ITM certification mark.

CHARACTERISTICS: Flushometer valves must be equipped with a backflow prevention device. For valves equipped with a vacuum breaker, the critical level marking is to be at least six inches above the flood level rim of a water closet or the highest point of a urinal. To be installed in accordance with the manufacturer's instructions, and the provisions of the latest editions of the Uniform Illustrated Plumbing Code-India. Sample products listed on this certificate were found compliant to "ASME A112.1037-2015/ CSA B125.37-15", and the applicable sections of the latest edition of the Uniform Illustrated Plumbing Code – India. All listed Products shall be installed in accordance with the manufacturer's instructions and the latest edition of the Uniform Illustrated Plumbing Code - India. Products listed on this certificate have been tested by an IAPMO R&T recognized laboratory. This recognition has been granted based upon the laboratory's compliance to the applicable requirements of ISO/IEC 17025.
