**Discover Why Advertising in Official is Your Very Best Media Value!**

**I**APMO members are among the most savvy construction professionals and manufacturers in the world today. As a group, they spend hundreds of millions of dollars each year on a wide variety of goods and services and are often key decision makers in the buying process. Your ad in *Official* will be seen by thousands of these key people, putting your product or service at the “top of the list” of these important customers. Since *Official* is published by IAPMO, your advertising dollars will help support this vital industry trade association in its aggressive advancement of codes, standards and professional development.

**Markets Served**

*Official* is read by some of the most influential members of the construction industry and related manufacturers. As the longest running publication produced by IAPMO for public distribution, *Official* provides cutting-edge news and views of association leadership and is the first source for breaking information on proposed code changes and other developments. Electronic and hardcopy quarterly circulation of *Official* is in excess of 29,000 and still growing, with a unique industry readership comprised of primarily plumbing and mechanical inspectors across the United States.

**Digital Access**

*Official* offers IAPMO members digital access to each issue weeks in advance of receiving their hardcopy, as well as free unlimited Internet access to the *Official* online archive to anybody in the world, IAPMO member or not. Readers can view the magazine in an easy-to-use digital format and are invited to share it with anyone they wish. The reader’s experience is fully enhanced by the ability to explore “hot links” that are embedded within the stories and advertisements. These links will take them directly to referenced information or a manufacturer’s website with a simple click. Your ad in *Official* will put our readers a click away from your home page or whatever other destination you’d like to target.

**Availability**

Each electronic version is archived and easily retrievable from anywhere with access to the Internet. All four yearly issues of *Official* will be available in this electronic manner, weeks ahead of the hardcopy edition. Subscribers are sent an alert via e-mail when each new issue is available for reading via the electronic delivery system. This guarantees an increase in the shelf life of your advertising and helps direct readers straight to your website.

Advertising helps our inspectors to be aware of new products or technology when in the field. This exposure helps familiarize them with your products and ultimately ensures much smoother inspections for the consumers.

IAPMO has been protecting the public’s health and safety for more than 80 years by working in concert with government and industry to implement comprehensive plumbing and mechanical systems around the world.

## 64 Years and Counting...

In April 1958, the first issue of *Official* was published by the Western Plumbing Officials Association, which would later become IAPMO. Scarce on color and illustrations, it represented an ambitious effort by the association to communicate with its members and industry.

The look and delivery methods may have changed since then, but the magazine's mission remains the same.
