

IAPMO GROUP POLICY FOR IN PERSON MEETINGS

Updated March 11, 2022

To: IAPMO Group Committee Members; IAPMO Staff
From: Dave Viola, CEO
CC: David Gans, President; Industry Stakeholders

IAPMO is an Association that cares about the health of our members, our nation and the world. I am heartened by the progress the United States is making against COVID, and I continue to urge everyone to get vaccinated so you can continue to provide the valuable work and effort that you do.

In acknowledgment of the progress lately made against the COVID pandemic, I'm pleased to announce a change to the IAPMO Group Policy for In Person Meetings.

- A. All attendees are **strongly encouraged** to wear masks pursuant to the recommendations of the Center for Disease Control: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/about-face-coverings.html>
- B. All attendees **must** obey COVID-prevention policies put in place by any venue where an IAPMO meeting is taking place, as well as applicable state and local regulations.
- C. Notwithstanding anything else herein, anyone who is symptomatic for COVID-19 or feels unwell and/or has more than a low-grade fever and/or is experiencing loss of taste or smell and/or shortness of breath is **prohibited** from personally attending any IAPMO Meeting.
- D. This policy will remain in full force and effect until such time as rescinded or modified by the CEO of IAPMO, or his delegate.

This policy applies to any attendees of IAPMO meetings, including IAPMO staff. However, IAPMO staff remain subject to additional COVID-prevention policies, including but not limited to IAPMO's COVID-19 Prevention Program and IAPMO's Travel Policy.
