PLEASE BE SURE TO COMPLETE ALL QUESTIONS AND SIGN THIS APPLICATION.

**If appointed, I agree to abide by the rules and guidelines of IAPMO. In addition, I hereby agree to notify the Secretariat of the WE•Stand Technical Committee of a change in my eligibility to participate on the Task Group. I also agree that IAPMO shall have, and I hereby grant, all and full rights in copyright in any material that I author, either individually or with others, as a member of this task group, or that I submit for the proposed use of the Task Group in an IAPMO code or standard or other IAPMO document. I further acknowledge that I acquire no rights in any publication of IAPMO and that copyright and all rights in all materials produced by IAPMO task groups are owned by IAPMO and that IAPMO may register copyright in its own name.**

**I do not now hold and I do not intend to hold any patent, the use of which would be required for compliance with any material that I author – either individually or with others – as a member of this task group, or that I submit for the proposed use of the task group in an IAPMO code or standard or other IAPMO document.**

**I attest that all of the information on this application is true and accurate.**

**By signing below, I attest to my ability to communicate with IAPMO staff and the members of the Task Group through electronic means, namely via email and the internet.**

## TASK GROUPS AND SCOPES

- (a) **Alternate Water Sources.** The scope of this task group is to further develop the provisions in proposal items 051 and 052 for onsite blackwater and onsite stormwater treatment systems. The focus is to enhance design detail that includes monitoring techniques, fail safe mechanisms, alarm requirements, types of disinfection, acceptance testing, and performance criteria. The task group will also investigate and compare a risk-based approach with a water quality approach.
- (b) **Water Efficiency and Conservation.** The scope of this task group is to compare the performance paths in WERS Index and HERS H<sub>2</sub>O with the prescriptive path in WE•Stand.

The objective of each task group is to develop recommendations for the WE•Stand Technical Committee for consideration.
