

**Summary of Substantive Changes
between the 2017 edition including Errata dated May 2017
and the 2017 edition including Errata dated August 2017 of
ASME A112.19.3/CSA B45.7
“Stainless steel plumbing fixtures”**

Presented to the IAPMO Standards Review Committee on October 16, 2017

General: The editorial change to this standard will not have an impact on currently listed products. The change is:

- Included notes associated with Figure 3 that were in the 2009 edition of the standard but were inadvertently left out when the 2017 edition was published. (see Figure 3).
