

**Summary of Substantive Changes
Between the 2017 and the 2011 edition
including Updates No. 1 and No. 2 dated May 2012 and October 2013
of
ASSE 1016/ASME A112.1016/CSA B125.16
“Performance requirements for automatic compensating valves for
individual showers and tub/shower combinations”**

Presented to the IAPMO Standards Review Committee on March 13, 2017

General: The changes to this standard are editorial and should not have an impact on currently listed products. The editorial changes are:

- Changed the term to reference other sections in the standard from Section to Clause and rounded the decimal place to the nearest whole number for temperature and pressure values throughout.
