

**Summary of Substantive Changes
between the 2014 and the 2015 editions of
ASTM B43 “Seamless Red Brass Pipe, Standard Sizes”**

Presented to the IAPMO Standards Review Committee on December 7, 2015

General: The changes to this standard should not have an impact on currently listed products. The substantive changes are primarily editorial, as follows:

- Editorial revisions in accordance with Guide B950 have been made in several sections.
- SI conversions in Table 2 were corrected.
